**Daily Load Limit | Daily Count Limit\*** only applies to entities not certified by the State of California's CalRecycle Division. Any person, business, or entity that holds a state certification, such as a Recycling Center (RC), Community Service Program (SP), Drop-Off or Collection Program (CS), or Curbside Program (CP) is exempt from these limits. **The limits apply per person, per vehicle, per day.**

**WDS-BBP\*** stands for Wine and Distilled Spirits and Beer Based Products in Bag-in-Box, Multi-layer Pouch, and Paperboard Carton containers.

♻️\* A resin code is used to standardize the system for identifying the type of plastic resin that a product is made from. However, the presence of a resin code on a plastic item does not imply that the item is part of a California buy-back program or that it is recyclable under that program.
